TIGERS SMASH FLORALA FOR FIRST '57 WIN

Elba High Tigers smashed the comparatively weak Florala Wildcats 25-0 for their first win of the season before a Homecoming crowd here last Friday night and will journey to Hartford tomorrow night in a contest forecast as evenly matched.

The Tigers will be back to full strength Friday night, after several weeks with their ranks thinned by attacks of the flu, for their game with Hartford, which so far has won three games and lost two, they were defeated by Samson and Opp.

FOUR ARE HURT IN ACCIDENTS LAST WEEKEND

Four persons were injured in weekend automobile and motorcycle accidents near Elba last weekend.

An automobile driven by Lorraine C. Wade, 25, of Elba, ran off state road 186 about three miles north of Elba about 8:30 a.m. Saturday and overturned according to investigation by E. C. Fordham, of the state Highway Patrol. Eugene Blue, 26, of Ulen, N. Y., riding with Wade suffered lacerations of the face.

Lugene Mills, 27, of Route 4, suffered severe injuries when the automobile he was driving crashed into a bridge abutment on State Road 87, about five miles north of Elba, Saturday about 6:45 p.m. He suffered cuts on the arm, face and nose and a possible broken ankle. He was taken to Gibson Hospital, Enterprise.

Charles Marler, of Elba, escaped injuries when the car he was driving ran into a cow on the Kinston Road at the Two-Mile Bridge Saturday night. The cow was owned by Fred Clark, of Elba. City Police Investigated.

Two persons were injured when the motorcycle they were riding skidded off the River Road Saturday afternoon. They were Gerald Davis, and Dykes Wise, both of Route 3, Elba. They were taken to Opp Hospital. City Police Investigated.

VARIED EVENTS ARE MARKED BY HOMECOMING HERE TONIGHT

Varied festivities marked Elba High Homecoming here last Friday beginning with the annual Homecoming parade through Elba streets, and appropriate decorations in the store windows and elsewhere about the city.

Six floats and several cars carrying officers of various clubs and organizations in the parade were gaily decorated with the theme "Shades of 1927-1957" as the long parade led by the Elba High School band under direction of Robert Hall, moved through the city streets.

A great contribution factor to the Tigers' win was the fine line play throughout the game. Good blocking and tackling which had been missing from previous games was clearly present in the Elba forward wall.

Standouts in the line were Griffin, Fuller, Taylor, Brunson, Weeks, Maudlin, and Casey. Backfield standouts were Russell, Nelson, Wise, Thomas, McCollough, and Earl McCollough. Altogether, the game was a fine example of team cooperation.

LEGION FAIR TO START MONDAY, LAST ALL WEEK

The Coffee County Fair sponsored by Culver Post, No. 42, American Legion, will open Monday, Oct. 21, at the Elba Fair Grounds on Opp Highway and continue all next week.

Ervin Johnson, chairman of the committee in charge, said this year's fair will be bigger and better than ever before with more agricultural and industrial exhibits than in the past with new rides and more entertainment for all.

Interesting exhibits are planned by the Exhibits Committee of the Legion Auxiliary, of which Mrs. James Bowlin is chairman.

Methodist Meet To Be At Blue Lake

The annual conference of the Methodist District of the Andalusia District of the Methodist Church will convene at Blue Lake Thursday morning, Oct. 17, at 9:30 a.m.

Delegates from Elba Church are: Mrs. C. O. Miller, Mrs. Roy DeVane, Mrs. Nell Cooper, Mrs. A. J. Jones, Mrs. W. R. Crook, Mrs. J. M. Garrett, Mr. and Mrs. E. D. Brazelton, L. F. Inman, K. D. Thompson, S. J. Casey.

Reserve delegates: Mrs. R. A. Sewell, C. B. McDowell, Dana Burdick, Mrs. John B. Wise and Laverne Vaughan.

VARIED ITEMS CONSIDERED BY COUNTY BOARD

The Coffee County Commissioners Court convened in Enterprise Monday with Chairman J. O. English and Commissioners Whitman and Tindol present. Commissioners Bowden and Brown were absent on account of illness.

Order was given to purchase a GMC Truck from Basil Whitman Motors at a difference in price of \$3419.00 over trade-in.

Scholarship Given

Order was made to give medical Scholarship to Rubie R. Handley after he had been recommended by the Coffee County Medical Society.

It was voted to have the new budget prepared to be presented to commissioners Court at the next meeting, Oct. 28.

To Condemn Land

Order was made to condemn land owned by Guy Brunson on road running from Distinct bridge road to intersect the road known as the Folsom road, a distance of approximately 1 and a half miles.

Order was given to Mr. Whitman to purchase title for road machine, also 5,000 feet of lumber. Order also given to Mr. Tindol to purchase 5,000 feet of lumber.

Mr. Tindol was authorized to arrange a loan of \$12,500 from the Enterprise Banking Co., which was a member of the money to be used to pay for motor grader purchased from Ray-Brooks Machinery Co. on Sept. 23, 1957, the loan to bear interest at 2 and one half per cent per annum, to be payable in installments.

BEES WIN OVER ENTERPRISE BT 7 TO 0 SCORE

The Elba Baby Tigers of Coach Bill Travis won their first game of the 57 season here Monday night by defeating their cross-county rival, Enterprise, by a score of 7-0. It was a very evenly matched game with both teams playing fine football. Coach Travis said he considers it as the best high school football game he has seen played so far this season.

The Tigers' only score came in the first quarter when Virgil Boutwell blocked an enterprise punt on their 30-yard line. End Wayne DeVine recovered for Elba on the visitors' 10. In two more plays, the ball was carried to the two from where Halback Michael Curst scored on a direct handoff from the quarterback. Jack Flowers, the Elba signal caller, bailed over the extra point on a quarterback sneak.

In the third quarter, End DeVine caught a pass on the Enterprise 40. Just as he was tackled, he lateraled to halfback Michael Curst, who carried the ball to the visitors' 10 yard line. Then the Wildcat defense tightened, and held the home squad to five yards in the next four plays. Elba threatened a gain in the last quarter, but were held by a strong Enterprise line. The visiting team never seriously threatened the Tiger goal.

Ends Wayne DeVine and Bobby Inman, Tackle Henry Clark, Guards Clevie Taylor and Donald Crocker, and Center Virgil Boutwell were standouts in the line, while Quarterback Jack Flowers and Halfback Michael Curst and Tom Dyess performed well in the secondary.

KINSTON PLANS FOR NEW ANGLE TO HALLOWEEN

The doorknobs in Kinston are going to be kept busy Wednesday evening, Oct. 30, from 6:30 until 7:30 p.m.

Children will be trotting around in masks and sheets as usual, but instead of being ghosts and witches they will be local merchants with Elba Beauty Queen, Miss Marine Ennis, scheduled to be in the drawing. The United Nations International Children's Emergency Fund.

The Kinston Methodist Youth Fellowship and their friends from the Baptist and Assembly of God churches have made this low-cost Halloween possible by organizing this UNICEF program sponsored throughout the United States by the U. S. Committee for UNICEF.

This helpful program has replaced the destruction that usually accompanies Halloween with supervised constructive fun.

Put to work by unicef a penny can provide enough vaccine to protect a child against TB or supply five large glasses of milk. Add four more pennies, and there is enough to supply penicillin to cure a child's yaws. So, that penny or nickel or dime given a Kinston youngster on October 30, has a long and happy future.

These young children want to help children all over the world, who are not as fortunate as themselves. They can be identified by tags or sleevebands.

CURTIS PLANS BARBECUE

Curtis School PTA will hold a barbecue Saturday, Oct. 19, at the school starting at 4 p.m. Plates will be \$1.00 each.

NEW BROCKTON VINS

New Brockton defeated Pine Level 68 to 56 in a Junior High basketball game Tuesday, Oct. 15.

CAGE TOURNEY HERE

The Coffee County Junior High School Pre-Season basketball tournament will be played at the Elba High School Gym the nights of Wednesday, Oct. 23, Thursday, Oct. 24, and Saturday, Oct. 26, omitting Friday to avoid conflict with football games.

MARRIAGE LICENSE

Prescription Pharmacists everywhere celebrated National Pharmacy Week in October. Once each year, pharmacists dedicate themselves to their profession of pharmacy. Millions of dollars are spent annually on research to perfect new drugs. Devoted scientists and physicians clinically test them to make certain they safely accomplish the desired result. Finally, it is up to the pharmacist. The medicine is prescribed by your physician and you entrust us with the compounding of your prescription. Because of our years of study in a College of Pharmacy it is our duty to check if the prescribed dosage is safe to take and compound every prescription exactly as your physician specifies.

As your Pharmacist, we value this confidence in our knowledge and integrity. Like your physician we consider your health our chief consideration. This National Pharmacy Week we again renew our pledge to practice our Profession of Pharmacy in strict accord with our traditional Code of Ethics.

Wienand Deplores Use of Soldiers

The use of armed forces in such cases as Little Rock was denounced by the American Legion in Alabama in a statement furnished to President Eisenhower by Alabama Department Commander John H. Wienand, Jr. from Headquarters in Montgomery.

Wienand spoke of the sacrifices made by war-time veterans and their right to speak in the matter.

Mr. Robbins said that under the new setup, plans have been worked out for completion of the levee which call for participation of the City of Elba in the amount of \$25,000.

The City Council has already passed necessary resolutions for this participation and the plans have been approved by the State Administration and sent to Washington for Federal approval, according to City officials, unless property owners along the proposed right-of-way are willing to make some sacrifices and cooperate with them, it will be impossible for the City to secure the right-of-way as the City is not financially able to pay anything for the right-of-way in view of the fact that its further participation in the program calls for such a heavy outlay of funds.

Mr. Robbins emphasized that no Federal funds will be issued for securing the necessary right-of-way. For the past two or three weeks, trucks have been hauling clay to that portion of the levee from the county jail to a point near Beaver Dam Creek. This portion of the levee had not been completed when work was stopped Wednesday.

A delightful affair of Tuesday evening was the lawn party given by Sonny Inman honoring members of the younger set. The lawn was attractively lighted and the radio was stalled so that guests might enjoy music. Dancing and games were enjoyable diversions.

Mrs. J. W. Kendrick and daughter, Miss Mary Will, went to Birmingham last week for a visit with relatives. From Birmingham they went to Fayette to visit Mrs. Kendrick's parents and other relatives.

Ann Wright honored her sister, Ann Jago, last Thursday with a delightful party at her home on Smith Avenue. Guests included 15 little girls. At noon a tempting lunch was served in the yard.

Prof. and Mrs. J. C. Dixon, daughter, Adelle, and Martha Mrs. J. W. English and daughter, Alice Carolyn, recently visited relatives in Atlanta, Ga. Prof. Dixon gave an interesting account of the first base-

ball game he ever saw under the lights. He said he was amazed at the near approach to daylight conditions which prevailed.

The party also visited Warm Springs, Tuskegee and other points of interest. Prof. Dixon stated that crops look better in Southeast Alabama than anywhere else they visited.

Word has been received from Adjutant Wm. A. Gayle, Montgomery, that within the next 30 to 35 days ground will be broken in Elba for the erection of a \$17,500 armory. Local officers have not been informed as to whether the new building will be built on the ground occupied by the stable or whether the table will be left and the armory erected on the lot between it and the street.

However, it is assured that the new structure will be built of fireproof material, probably of brick. Local officers have submitted plans, drawn by Architect Dasher Bryan, but it is not known whether the plans have been adopted.

The local unit of Alabama National Guards has an interesting history. The 16th Armament Train was established in Elba Sept. 22, 1922, at which time horses furnished the motive power and means of transportation. An armory was built east of Pea River of wood construction. The great flood of March, 1929, badly damaged the building and equipment and much of value in the levee had not been completed when work was stopped Wednesday.

Ann Wright honored her sister, Ann Jago, last Thursday with a delightful party at her home on Smith Avenue. Guests included 15 little girls. At noon a tempting lunch was served in the yard.

Prof. and Mrs. J. C. Dixon, daughter, Adelle, and Martha Mrs. J. W. English and daughter, Alice Carolyn, recently visited relatives in Atlanta, Ga. Prof. Dixon gave an interesting account of the first base-

ball game he ever saw under the lights. He said he was amazed at the near approach to daylight conditions which prevailed.

The party also visited Warm Springs, Tuskegee and other points of interest. Prof. Dixon stated that crops look better in Southeast Alabama than anywhere else they visited.

Word has been received from Adjutant Wm. A. Gayle, Montgomery, that within the next 30 to 35 days ground will be broken in Elba for the erection of a \$17,500 armory. Local officers have not been informed as to whether the new building will be built on the ground occupied by the stable or whether the table will be left and the armory erected on the lot between it and the street.

However, it is assured that the new structure will be built of fireproof material, probably of brick. Local officers have submitted plans, drawn by Architect Dasher Bryan, but it is not known whether the plans have been adopted.

The local unit of Alabama National Guards has an interesting history. The 16th Armament Train was established in Elba Sept. 22, 1922, at which time horses furnished the motive power and means of transportation. An armory was built east of Pea River of wood construction. The great flood of March, 1929, badly damaged the building and equipment and much of value in the levee had not been completed when work was stopped Wednesday.

A delightful affair of Tuesday evening was the lawn party given by Sonny Inman honoring members of the younger set. The lawn was attractively lighted and the radio was stalled so that guests might enjoy music. Dancing and games were enjoyable diversions.

Mrs. J. W. Kendrick and daughter, Miss Mary Will, went to Birmingham last week for a visit with relatives. From Birmingham they went to Fayette to visit Mrs. Kendrick's parents and other relatives.

From Our Early Files

22 YEARS AGO

Levee work of every kind was brought to a close last night and no operations will be resumed on the levee wall until such times as deeds to a complete right-of-way in West Elba have been procured and delivered to the Works Progress Administration, according to announcement by J. C. Robbins, Works Director.

Mr. Robbins said that under the new setup, plans have been worked out for completion of the levee which call for participation of the City of Elba in the amount of \$25,000.

The City Council has already passed necessary resolutions for this participation and the plans have been approved by the State Administration and sent to Washington for Federal approval, according to City officials, unless property owners along the proposed right-of-way are willing to make some sacrifices and cooperate with them, it will be impossible for the City to secure the right-of-way as the City is not financially able to pay anything for the right-of-way in view of the fact that its further participation in the program calls for such a heavy outlay of funds.

Mr. Robbins emphasized that no Federal funds will be issued for securing the necessary right-of-way. For the past two or three weeks, trucks have been hauling clay to that portion of the levee from the county jail to a point near Beaver Dam Creek. This portion of the levee had not been completed when work was stopped Wednesday.

10:30 A. M. to NOON.—Open House at Dorsey Trailers and exhibit at Livestock Market, Opp Highway.

12:00 NOON to 1:30 P. M.—Barbecue in Public Square.

1:30 P. M.—Miss Maeirine Ennis to be in charge of drawing for prizes. Simply register at any one of most stores in downtown Elba.

2:30 P. M.—Display of helicopters and fixed-wing airplanes at Elba Airport.

4:30 P. M.—Contests of skill and humor at Public Square.

6:30 P. M.—Fireworks display at Elba High School football field.

PARADE AT 9:30 WILL OPEN FULL DAY OF EVENTS

And a good time is promised to all.

That is the final message from the Inter-Club Council which is in charge of the First Annual Fall Festival Saturday, Oct. 26.

A full day of varied events will start at 9:30 a.m. when a giant parade will roll through the principal streets, and come to a close with a fireworks display at Elba High School football field shortly after sundown.

Colorful Parade

The parade will include units from the National Guard in Elba and nearby towns, a band from Fort Rucker, bands, floats, a kiddie parade, clowns, and a variety of floats.

Prizes will be obtained from various downtown locations.

Interest will be included in the parade including several beauty contest winners. There will be Miss Elba, Miss Brundage, Miss Newhope School, Miss Zion Chapel, and Miss Jean Kendrick, who won the Alabama title as Shortborn Lassie Queen.

After the parade, Open House will be held at Dorsey Trailers and a Livestock exhibit will be at the same time at the Livestock Market, Opp Highway.

A noon-time barbecue will be held on the Court House Square.

Beauty Queen in Charge

Miss Maeirine Ennis, Elba's Beauty Queen, will be in charge of a drawing for prizes to be given away in the Square immediately following the barbecue. She will be assisted by Miss Elba, Miss Brundage, Miss Zion Chapel, and Miss Jean Kendrick.

They need not buy anything to register. Stalls will be designated by signs.

After the drawing there will be a display from the National Guard and fixed-wing airplanes at Elba Airport along with other types of modern weapons, beginning at 2:30 p.m.

The remainder of the afternoon will be devoted to contests of skill and humor at the Public Square including catching the greased pig and climbing the greased pole.

The fireworks display will include 130 elaborate fireworks of various designs, each one different and each one spectacular.

The kiddie parade will include children between the ages of 4 and 10.

Parents have been requested by the committee in charge to take their children to the street in front of L. P. Mullins home, by 9 a.m. dressed in any costume they desire, and may bring pets or other attractions.

William J. Ross, sales promotion manager for Dorsey Trailers, will appear on Guest Hour over WSEA-TV, Montgomery, Friday at 5:30 p.m. and plans to publicize the Festival in the course of his appearance.

Singing Convention Set in Montgomery

Montgomery—Six outstanding singing groups will appear at the Alabama State Coliseum Saturday Nov. 2 at one of the biggest gospel singing conventions ever staged on the North American continent.

It will be the 8th Annual Convention of the American Youth Singers which will bring singers here from all states and every county in Alabama.

A bushel of tomatoes will make about 15 to 20 quarts of canned tomatoes.

HARTFORD TIPS ELBA TIGERS IN 31-13 VICTORY

Elba High Tigers lost their third game of the season to the rampaging Bulldogs in Hartford last Friday 31-13 and will journey to Sunson tomorrow night in quest of their second victory.

The Tigers and Bulldogs scored evenly matched in the first half but the Bulldogs came back to score three times in the second half. The score at half-time was 14-7.

McCullough Scores Twice

The locals' only two tall-came from Halfback Earl McCullough in the first and third quarters.

The Hartford team scored first early in the first quarter after recovering an Elba fumble on the Tiger's 31 yard line.

The extra point was good, and the Bulldogs led 7-0. The Elba squad came back late in the second quarter with a TD and a conversion to tie up the score.

Hartford scored again in the second quarter.

After a fine show by the Elba and Hartford bands, between halves, Hartford scored again in the third quarter, making the score 21-7. Then Elba tied late in the third to make it 21-13.

65-Yard Run

The Bulldogs broke loose soon after the last quarter started. Thuron Byrd, Hartford halfback, scored on a 65-yard run off the left side of the Tiger line. The clincher was aided by Byrd on a 29-yard dash late in the game to make it 31-13.

The home team was surprisingly weak in all departments. Hartford succeeded in running wild off tackle and around end, as well as completing several passes against the Tiger defense. The team pursuit pattern was poor and never coordinated.

Bright spots in the game were the ball handling of Halfbacks McCullough and Wise and the defense play of Billy Brunson, Carl Nelson, Jerry Fuller, and Michael Weeks.

The Elba offensive efforts netted 100 yards on the ground and 50 in the air. Several costly fumbles cost more yardage.

Starters for Elba were: Quarterback, Sammy Casey; Fullback, Carl Nelson; Halfback, Jerry Fuller; End, Michael Weeks; Tackle, Earl McCullough; Guard, Earl McCullough; Center, Earl McCullough; Linebacker, Byrd; Defensive Back, Armstrong; and Joiner.

Scoring: Elba—McCullough 2 Pat Nelson. Hartford—Byrd 4, Pat Armstrong and Joiner.

Elba Student Makes Honorary Society

Jim Hugh Corbett, son of Mr. and Mrs. Enory H. Corbett, of Elba, has been elected to membership in Phi Lambda Upsilon, honorary chemical society, in recognition of excellence in scholarship and character. Jim is a senior in Chemical Engineering at API in Auburn.

Phi Lambda was founded at the University of Illinois in 1899. The purpose of the society is to foster a spirit of fellowship among students in the field of chemistry, to promote a higher standard of scholarship, to widen interest in the fields of chemistry, and to place honor upon those students deserving recognition because of their meritorious work.

LAKE CLOSED

Montgomery—An announcement that Cullman County Public Lake will be closed temporarily this week for renovation and improvements has been made by the Alabama Department of Conservation.

Increased Church Attendance Sought

Increased regular attendance at church and synagogue will be urged throughout the United States in November during the ninth annual Religion in American Life program.

Robert T. Stevens, president of J. P. Stevens and Co., Inc., large textile firm, and former Secretary of the Army, heads the program, which is sponsored by 67 laymen and women of all faiths.

Hot water may set stains, says the U. S. Department of Agriculture. For this reason, always check garments for stains before laundering.

Farmers May Get Gas Tax Refund

A new and simplified law under which farmers may obtain a refund of six cents of the seven cent state gasoline tax on much of the gasoline used on their farms, passed by the 1957 legislature, is now in effect. It is similar to the federal law on this subject.

The law provides an application form of only a few lines compared to the involved procedure necessary under the old law. It also broadens the exemption to include engines mounted on certain types of farm machinery, as well as tractors, already exempt.

PROGRAM INCREASED

The Alabama Educational Television Program has stepped forward in stepping up the broadcast time to start at 10 a.m. and in starting several in-school high school television courses. Television courses are now being taught daily, Monday through Friday, in Physics, Chemistry, Algebra, History, and Spanish. Sixteen additional courses are offered to elementary and high school grades, one or two days per week.

The history of Elba's growth

begin in 1830, when Mr. Mc-Lane established a ferry across the Alabama State Coliseum. On Dec. 29, 1841, Coffee County was created out of Dale County by an act of the legislature. The county was named after General John Coffee of Lauderdale County, who had served in the War of 1812. The legislature designated Wetumpka, about a mile from Dumas, as the county seat.

Court House Moved

There was widespread dissatisfaction with the location of the court house so an election was held Oct. 3, 1842, resulting in Elba being selected as the new seat.

However, the community here had acquired its name about six years before. A group of settlers had gathered to discuss a community name and could not agree. Finally it was decided that each person should write the name of his choice on a slip of paper and put it in a hat. The name drawn from the hat should be designated as the community's name.

A member of the group named John B. Simmons had been reading about Napoleon Bonaparte and had written the word "Elba" on the slip of paper he put in the hat. This happened to be the name drawn.

The community was incorporated on May 7, 1853, by an election of the citizens, who had decided only one year before to move the main part of the town a half mile from the river with all the streets leading from the square. Streets were named after leading citizens.

It is interesting to note that Smith Bros., a retail store near Elba, established in 1910, is the oldest business in Elba under one ownership and that Elba Drug Co., established 59 years ago, is the oldest retail business. The Elba Clipper this year entered its sixtieth year.

Through war and peace, flood and drought, good times and bad, citizens of Elba have watched their city grow from a ferry crossing site on the Pea River in 1830.

The world's third largest trailer industry now sprawls where recently there was nothing but woodland. Three insurance companies have their home offices in Elba. Advertisements throughout this issue tell the story of Elba's growth from humble beginnings here within a few years time.
